### TEMPE

#### TEMPE WOMAN'S CLUB HEARS MRS. NEWSOM

Splendid Meeting of Local Club Yesterday Afternoon

A meeting that probably surpassed in interest and attendance any that have been held so far this year, was that of the Tempe Woman's club yesterday afternoon when Mrs. S. C. Newsom, of the University of Arizona, was present and delivered an intensely interesting lecture on "Women as Citizens." The meeting from the start was one that the members took an interest in and one that has set a mark for the remainder of the year's work that spells success for every department of the club.

Mrs. Newsom's lecture was splendid and held the members and guests of the club present intensely interested throughout. She commenced her lecture with a discussion of the women in the primitive ages when they were known only in the home

life, and then she traced their progress as education has brought them more into the world and placed them on equal rights with man. Mrs. Newsom voiced her own opinion on "Women as Citizens" and was strict in her remarks that she believes in their taking part in the government of the country only when they carry on their balloting and other business affairs in a sincerely unprejudiced manner.

As a second number on the program Mrs. D. L. Atonio rendered a very pretty vocal solo.

Chief on the business card for the afternoon was an amendment which was made to the constitution changing the meeting dates for both the general club and its various departments to Saturday afternoons instead of Friday. This new schedule will go into effect with the next meeting. Mrs. Newsom's lecture is but a starter for a number that the club proposes to secure from the university extension course during the next few months.

#### COUNCIL SESSION

The common council met in special session Thursday evening to hear a discussion of the sewer system and its construction as outlined by Contractor Fisher, one of the original bidders on the job. Fisher was of the idea that he could make the council a much lower bid on the work and though given ample opportunity to present his facts and figures to the city dads at the Thursday night meeting, apparently his ideas carried little weight. The contract, let some months ago to Doyle Bros., of Tucson, remains binding, and just as rapidly as the returns are received on the \$30,000.00 bonds which were recently sold, the actual construction work will begin.

**\$10.00 REWARD** will be given for the arrest and conviction of any person taking Republicans from the premises of subscribers.—Advertisement.

#### HIS NEW THREE-SPEED

The honor of owning the first new three-speed 1915 model Indian falls to Wallace Miller, of Tempe, who made his first appearance on the road with the new machine yesterday. The machine is a big improvement over former models in many ways and Miller is as confident now as he was months ago when the order was turned in, that this year's model of the three-speed Indian is about as good a motorcycle as money will buy.

#### A VISITOR IN PHOENIX

H. Sanford Schaulis made a trip to Phoenix yesterday afternoon in his trusty Ford. He was accompanied by Fred Geringer.

## LA MONT'S

TEMPE, ARIZONA

**COMMENCING TUESDAY, DECEMBER 1, 1914**

offer the patronage of the line to practically every community on this side of the river, including Mesa, Tempe and Chandler, and the thickly populated country to the many miles beyond the Gem City.

It is quite a growth the Fike line has made since it first went into operation but a year and a half ago. Then the manager was on the run himself, offering rather irregular four and five hour service with an old model Pope-Hartford between Mesa, Tempe and Phoenix. Later he put on a couple Ford's with an increase in business and today he is operating from ten to twelve cars with regular thirty minute service each

way between Phoenix, Tempe, Mesa and Chandler, from seven o'clock in the morning until six at night and then hourly service until midnight.

The new Globe-Phoenix line will make one round-trip a day with a transfer station located at Fish Creek. Guy Smith, one of the popular drivers of the line now, will drive from here to Fish Creek, with Harry Linam, the Ford driver who made the trip from Globe to New York and return recently in a Ford, on the Globe end. A mechanic will be kept on the job at the mid-way station.

The new line will maintain the same regular operating schedule that the

valley cars do, leaving Phoenix at 7:30, Tempe a half hour later and Mesa at 8:30.

#### THE LOCAL TRADE

W. E. Hunter with M. A. Newmark & Co., of Los Angeles, spent yesterday in Mesa calling on trade.

#### AN OLIVER MAN

Joe McAleer, agency division representative for the Oliver Typewriter company with the headquarters at San Francisco, is paying his regular visit to the southside. He spent Wednesday in Tempe with the local agent, R. H. Harvey, and yesterday with the Mesa

City representative here.

#### RECUPERATING

Twain Cimens, who has been confined to the hospital here for sometime past, is out and about again.

#### THEIR BABY BOY

Mr. and Mrs. Ralph Matthews are the proud parents of a fine baby boy which arrived at their home Wednesday evening.

#### A YOUNG SON

A boy was brought to the home of Evan Prothero by Dr. Nelson's trained stork, Thursday morning.

**EVANS SCHOOL BOYS HOME**  
The young men students at the Evans school southeast of Mesa, have returned to the valley after a week's outing in the Four Peak country. Though overtaken by the colder weather, the campers enjoyed their trip to the utmost and are bent on taking more of the same variety from time to time in the future.

#### ROADSTER SOLD

Representatives of the O'Neil auto and supply company spent a short time in Mesa yesterday morning enroute from Phoenix to Globe where they went to deliver one of the new '15 model roadster Maxwells.
